

EXPECT TO OPEN NEW PREVOST MOTORS ON FIRST OF NOVEMBER

The new Prevost Motors garage building is rapidly nearing completion and the proprietor, Bert Prevost, states that he hopes to move into the new structure by November 1st.

The new garage, being built just south of Jas. Calhoun's workshop, is of cement block construction and is 48x66 feet in size. It is of modern design and will be stuccoed white when completed.

Work started on the structure about the middle of August and workmen have made good progress on the building.

Prevost Motors is the home of Mercury-Lincoln cars and trucks for the Didsbury district, and the new building will be a decided addition to the business blocks in town.

FORTY YEARS AGO

October 11, 1907

The framework of C. Hiebert's new 35,000 bushel elevator north of the C.P.R. station will be completed this week, and the machinery will be installed as rapidly as possible to be in readiness to handle a big share of this year's crop.

Sunny Alberta is more than paying for the poor weather we experienced a month ago.

The local elevators are taking in all grades of oats, whether touched by frost or not, and the price is 35 cents per bushel, which is an advance over last year when the price was 18 cents per bushel.

Ben Hunsperger is improving his place west of town by building an addition to his house.

Harvesting is now well under way in all parts of the district and the "foot tool" of the steam engine is an early morning occurrence.

WALTHER LEAGUE MEETS AT THE REV. FOX HOME

A very interesting discussion on "Citizenship, My Church and Government" was the topic for discussion at the Walther League meeting held Tuesday, October 7th, at the home of Rev. and Mrs. Fox. It has been stated that the pillars of a nation are the Christian homes. And since our homes are greatly influenced by our churches, the government of our country has granted certain privileges to the church, such as freedom of religion, freedom of speech, freedom to gather for divine services, etc. In view of these privileges, the Christian Church emphasizes the duty of the individual Christian towards his government. The topic was very ably handled by Oscar Reinholdt, with all the members present taking a very active part in the discussion.

In the business part of the meeting the matter of the Walther League Rally was again discussed, and the date set for Sunday, October 26th, as best suitable for all the Leagues in Southern Alberta. The society also decided to begin a restudy of the Catechism as used in the Lutheran Church at its regular meetings.

The topic for the next meeting entitled "My Church and the Family of Nations" was assigned to Karl Reese. The next meeting will be held at the home of Mr. and Mrs. E. Jans on October 21st.

The meeting was brought to a close with a lunch served by the hostess.

The world will work right when we live right.

LADIES SPORTS CLUB HOLD WEINER ROAST THURSDAY

The first outing of the newly-formed Ladies' Sports Club took place Thursday evening, October 9th, when the members hiked out to the "Rocks" to enjoy a weiner roast. Weiners and apples roasted over a bonfire with coffee and buns provided a very enjoyable repast after the long walk. A sing song followed the meal and the party then hiked home well pleased with the evening of fun.

The next meeting of the club will be held on Thursday, October 16, in Betty's Beauty Salon. New members are cordially invited.

CURLING TO CONTINUE IN PRESENT LOCATION

A meeting of the Didsbury Curling Club to discuss the building of a new rink was held in the Lions Hall on Friday evening, October 10, and a fair number of both men and lady curlers were present. After some discussion on the subject it was decided by vote that the erection of a new rink would be put off until next year at least, and curling for the coming season will be carried on in the old building.

A further move was carried to the effect that the present, Irvin Klein, will appoint a building committee of not more than three members to meet the Memorial Community Centre rink committee and the architect with tentative plans for a new rink, and also to estimate approximate cost of the building. The committee will later report to a general meeting of the curling club. Final business of the meeting was a decision to make application for a caretaker.

BERGEN NEWS NOTES

We have no Lions club, but we did have an honest-to-goodness bear who, solitary and alone, did more damage than any club could ever do. The bear visited Shorty (Ralph) Olson and demolished his household belongings. He visited Bill McCurrough's, going in one window and out another, and Bill whooped at him. At the Batcliffe place he really had a feed if empty syrup tins were any indication of his hunger. At Reuben Olson's he had a splendid supper of cream, where he reached down the lid, lifted out the cream, took out the lid and really helped himself. Ursus Major was near Dave Brown's, but no damage was visible. This was "unbearable" for him so he went over to Bill McCormack's for another delicious feed of cream and was murdered in a few cream containers to show his appreciation of such good food.

Reuben Olson had Martin Arneson set a bear trap for a return visit of the bear and sure enough, the cream, took out the lid and really helped himself. Ursus Major was near Dave Brown's, but no damage was visible. This was "unbearable" for him so he went over to Bill McCormack's for another delicious feed of cream and was murdered in a few cream containers to show his appreciation of such good food.

Mrs. Albert Olson and Esther Erickson are home from their excursion to Washington and Oregon. On the trip they visited Mrs. Olson's brother, Gerhardt Pearson, who homesteaded the S.E. of 432-5-5, and also J.T. Johansson, who is 93 and ran a sawmill and shingle mill at Bergen, and had the first post office here. They report Mrs. Andrew Johansson is still alive but suffering from arthritis. Mrs. O. T. Johansson, Mrs. Michelson, Minnie, and Valborg-Sani Johansson and family send greetings to the "old timers" here at Bergen. The excursionists report a very enjoyable vacation.

Norman Cook bought the east half of 532-5-5 and also the S.E. of 832-5-5, the place owned by L.P. Barker. He has broken about 50 acres on section 5 and has dished it ready for a crop next year.

The annual track and field meet of the schools in the "Rosebud" district, which was to have been held at Bowden on October 8th, was postponed to Friday, October 17th, and students of the Didsbury school will participate in the events.

The regular service of Holy Communion will be held at St. Cyprian's Church on Sunday, October 19th, at 11 a.m.

RELIEF FOR DESTITUTE IN WAR-TORN EUROPE

"Christ's Co-Workers" Sunday School class of Zion Evangelical Church is conducting a campaign for clothing, shoes, etc., for the needy people overseas. Two receiving centres have been arranged for, one at the J.V. Berscht store and the other at the E.G. Ranton store.

Everyone in the community is asked to contribute to this great need. Please bring clothing, shoes, etc. (if not too badly worn) to these receiving centres. Pack in paper cartons or wrap securely and place donor's name on the parcel.

The last receiving date for parcels is Friday, October 31st. The committee in charge of the campaign is composed of E. Cogswell, G.C. Hart and E.V. Boettger.

The people of this country have many things to be thankful for in this thanksgiving season for, "Hitherto the Lord has helped us." Will you show your gratefulness in a small way by sending your gifts to comfort and cheer those who do not enjoy the many blessings which are ours to enjoy.

REV. W. I. NUNES TO SPEAK AT MEETINGS IN DIDSBURY

Rev. Winston I. Nunes, of British West Indies, will be the special speaker at the Youth for Christ programs to be held this week end in Didsbury.

Rev. Nunes is a musician as well as an evangelist and his 99-minute program is one of melody, music and message.

Thursday, October 16 Rev. Nunes will address the Youth for Christ rally at the Evangelical Church and his topic will be "Scientific Necessity of the New Birth." Friday night's topic at the Evangelical Church will be "Is Hitler Dead?" and on Saturday night in the Didsbury M.B.C. Church, Rev. Nunes' topic will be "World Destruction in the Atomic Age."

The general public is cordially invited to attend these three gatherings in Didsbury this week end.

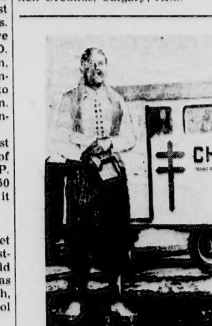

TICKETS NOW AVAILABLE FOR BRIER PLAY-OFFS

The Dominion Curling Championship, better known as the MacDonald Brier Curling Championship, is being held in Calgary from March 1st to 5th inclusive, 1948. Tickets to witness the play-offs are now available to all curlers to ensure them of obtaining tickets before they go on sale to the general public December 1st. All curlers interested should apply at once for their tickets.

These tickets are printed in book form, each book containing a ticket for each of the nine games as well as one extra ticket good for a play-off game in case of a tie. The book of tickets is priced at \$4.00.

A certain number of these books have been allotted to each club. In some instances these numbers may not be sufficient to meet the demand. However the quota arrived at has been made as large as possible at this time.

Applications for books should be made to Ticket Committee, MacDonald Brier Championship, Administration Bldg., Calgary Exhibition Grounds, Calgary, Alta.

Bobby Locke, famous South African golf wizard, feels better after having a free chest X-ray in one of the Christmas Seal clinics that have X-rayed nearly half of Alberta's population.

MRS. NORMAN SNYDER BURIED AT WEST ZION

Funeral services for Mrs. Norman Snyder, who died on October 5th following a lengthy illness, were held from the M.B.C. Church, Didsbury, Wednesday, October 8th, with Rev. D.C. Eby officiating, while graveside services were conducted by Rev. C. Raymer of Duchess.

Pallbearers were: Gordon Weber, Dave McEwen, Lloyd Shantz, Russel Sherrick, Stan Kelsey and Wilmer Reist.

Interment followed in the West Zion cemetery, Waterloo, with W. McFarquhar of Didsbury Funeral Home in charge of arrangements.

MRS. KEN MCCOY GETS OFFICIAL WORD OF M.I.D.

Official word was received Tuesday, October 7th, together with a certificate, from the Secretary of State for War, that Lieutenant (Nursing Sister) Rita May Fulton (Mrs. Ken McCoy) of the Royal Canadian Army Medical Corps, had been Mentioned in Despatches for distinguished service.

The M.I.D. was published in the London Gazette on November 8, 1945, and while Mrs. McCoy was aware of the honor conferred upon her, she had no official document until receipt of the certificate from the Secretary of the State of War last Tuesday.

WESTCOTT NEWS NOTES

The pupils of Westcott school have had a holiday for the past two weeks because of the illness of the teacher. However, we understand that Miss Paschewak expects to be back this week.

Mrs. Landeen of Calgary spent last week at the home of her daughter, Mrs. W. Weidner.

Mr. and Mrs. H. Goetjen, parents of Herbert Goetjen, returned last week end to their home in Chilliwack, B.C.

Mr. Hubert Papke and Mr. Wilbert Berscht were visitors last Sunday at the home of the former's sister, Mrs. John Stevenson of Sundre.

Mr. and Mrs. Herbert Goetjen and family were Sunday dinner guests at the home of the latter's parents, Mr. and Mrs. H. Papke of Elkton.

Le Roy Benson and Donald Folkman had a larger holiday at home than usual this past week because of the teachers attending convention in the Red Deer district.

Among those who spent Thanksgiving week end at their respective homes were Miss Betty and Miss Margaret Klinek, Miss Evelyn Klinek and Mr. Bob Hughes.

Mr. and Mrs. F. Rodway of Red Deer visited with the latter's parents, Mr. and Mrs. H. Dageford, over the week end.

Mr. and Mrs. R. Burton of Calgary were guests at the Linden Jacobsen home for Thanksgiving week end.

Mr. J. F. Moir visited with many of his old friends in the Westcott district last week.

Many threshing machines and combines were hard at work again Monday morning. After the drying wind over the week end the grain was again getting in shape to thresh and we're keeping our fingers crossed in hopes that this time we will get something accomplished.

MORE HONORS FOR OUR DIDSBURY HOLSTEINS

Top honors for dairy cattle breeders were announced in the September issue of the Holstein Journal. The Journal awarded Auburn C. Pye's Pansy Alcartra Gerben top place in a 305-day test year, from March 29, 1946 to Jan 27, 1947, in the three-year-old class, the cow produced 15,609 pounds of milk, 603 pounds of butterfat, with 3.86 percent butterfat test.

Pansy Alcartra Gerben is one of eleven cows which Mr. Pye of Infants purchased at Ed Liesemer's sale. She is closely related to Nellie Alcartra, which was the All American three-year-old for the year 1943. The late J.E. Liesemer was owner of the Dan and Ed Liesemer was owner of the sire.

Ed Liesemer, who is now residing at Rowley, has been informed that several cows sold at his sale are

CREMONA NOTES

The Cremona Board of Trade postponed their meeting because of poor weather.

A truck load of gravel has been put on the school road.

We see Billy Frizell has hired Gordon Habermehl and Earl Coones to put up new light wire poles.

This stormy weather makes Reg Johnston talk about going deer hunting as soon as the season opens—we mean four-legged deer, of course.

Mrs. Frizell and Shirley, Grace Brown, Nola Waterstreet and Mr. Rowley were Didsbury visitors on Saturday.

It is reported that Bill Dinze, who is travelling roads in British Columbia, tipped his truck over but fortunately only cracked the windshield.

Hector Rands is back in Cremona again after spending a few days at his home in Madden.

FUNERAL SERVICES FOR MRS. ALVIN SNYDER HELD FRIDAY

Funeral services for Mrs. Alvin Snyder, 78, who died Wednesday, October 8th in the Didsbury hospital, were held Friday, October 10th at 2:30 p.m. from the Didsbury M.B.C. church. Interment followed in the Didsbury cemetery with Gooder Bros. funeral home in charge of arrangements.

Born in Elmira, Ont., Mrs. Snyder came to the Didsbury district 40 years ago. She was a life member of the M.B.C. church.

Surviving are her husband, Alvin and one son, Russell.

Miss Maxine Wood, who has completed her employment at the J.V. Berscht & Sons store, has taken a position with Spung & Clindin in Calgary. Miss Wood was

Red Cross Votes \$1,000,000 For British-Europe Relief

One million dollars for the purchase and shipment of "food in bulk" to ease this winter's food crisis in Britain and Europe has been voted by the Canadian Red Cross from its remaining war funds. Arthur L. Bishop, Chairman of the Society's National Executive Committee announced recently.

"Many requests have been received from all parts of Canada," said Mr. Bishop, "urging the Red Cross to help in this grave emergency. In making this \$1,000,000 food allocation, it is the considered opinion of the Red Cross, based on direct reports from Britain and the Continent, that the food shortage over there is building up to a crisis of unprecedented proportions in which the lives and health of millions of Britons and Europeans will be directly affected unless very prompt help from all sources is extended at this time."

The British Ministry of Food and various European governments are providing free ocean freight on the Red Cross bulk food shipments. Balance of transportation costs, if any, will be borne by the Society.

"Red Cross is concentrating on bulk shipments of food," stated Mr. Bishop, "as a means of providing a maximum of food at a minimum cost. Shipments will be consigned for distribution to Canadian Red Cross representatives in Britain and

KIRBY SCHOLARSHIPS AWARDED TO LOCAL HIGH SCHOOL PUPIL

Kirby scholarships from the Alberta Home and School associations, each worth \$50, were presented to Wilma Owens and Donald Robertson at a ceremony held in the high school Wednesday, October 8. The two young people were both grade 9 pupils of Mrs. W. Owens, of the Jackson school, west of Carstairs. They obtained two of the highest standings in the province.

Mr. Crispo, Inspector of Olds School division, made the presentations. Mrs. McPhail, president of Home and School Association, spoke briefly.

Jack Robertson, vice-chairman of Olds School division, and Mrs. W. Owens, teacher of Jackson school, also spoke.

Donald Robertson is now attending the Didsbury High school and Wilma Owens the Carstairs high school.

MELVIN NEWS ITEMS

Mr. and Mrs. Ted Sanderman of Olds and Mr. Fred Sanderman of Three Hills visited at the Wallen home on Sunday. They also called at the Lester Krebs home to see the new baby.

Congratulations to Mr. and Mrs. Victor Olson on the birth of a baby girl.

The local Red Cross group met at the Johnson home last week and finished another quilt to be sent to the Woods' Home. The next meeting will be held at the home of Mrs. Reuben Youngs.

Don't miss the big dance at Melvin hall on November 7th, sponsored by the Melvin Red Cross organization. Anderson's orchestra of Bowden will be in attendance.

Mrs. Frank Peters (nee Bernice Ray) and son Kenny of Vancouver spent last week visiting with her aunt, Mrs. Ross Youngs. Mrs. O. Pratt (nee Viola Ray) also of Vancouver, visited at her aunt's home over the week end. They expect to return to the west coast this week.

Walter Youngs returned home on Saturday from Saskatchewan after being employed for the summer on a survey gang.

Clary Youngs of the Alberta University spent the holiday week end at his home here.

Miss Audrey Radford is helping at the Johnson farm for a few weeks.

Our hopes are back again as we see threshing outfits in full swing this week after the prolonged wet weather.

A week end visitor to her home town and says she likes her new work in the city.

LOCAL BREEDERS TO ENTER LIVESTOCK IN CALGARY SHOW

Among the local breeders who will enter livestock in the 43rd annual fall show of cattle, sheep and swine, to be held at the Calgary Exhibition Grounds October 20 to 24, are:

C. Klinek and H.E. Klinek, who will enter purebred Herefords, and Russell G. Aty and G.R. Fulkert, who will show their purebred Suffolk rams.

MONEY NEEDED FOR COMMUNITY CENTRE

The first project of Didsbury's Memorial Community Centre, the covered skating rink, is now under way and it is hoped to complete the building in time for this year's skating activities. However, the structure is costing more than the original estimates and more money is needed to completely finance the project.

Considerable money has been raised by public subscription and many gave very generous donations, while others contributed only token amounts.

Another drive is now being made for cash subscriptions and it is hoped that the people of Didsbury and district will support the canvass by contributing generously, taking the attitude that the money they give to the Memorial Community Centre is a debt repaid for the sacrifice of lives by our departed war heroes, in whose memory the community centre is being built.

BUY CANADA SAVINGS BONDS

The Second Series of Canada Savings Bonds is now being offered across Canada by banks, financial houses and local representatives of various companies interested in the sale of securities. These bonds are offered in sums of \$50, \$100, \$500 and \$1,000, and the amount of purchase by an individual is limited to \$1,000.

The citizens of Canada are not urged to buy these bonds to aid in financing the expenses of the country, as was the case during the war years, but they are advised to buy the bonds as an investment for future years when the Dominion may not be as prosperous as it is today.

Dominion of Canada Bonds, even at 2 1/2 per cent interest, are a good investment if one wants absolute security of principal along with moderate interest rates, and this Second Series of Canada Savings Bonds offers gilt-edged security with interest paid semi-annually for the next ten years, when bonds are redeemable.

LONDON'S NEW TAXIS

The old fashioned taxis of London, England, with the driver half exposed to the weather, are soon to give way to new vehicles which will look like private cars. The drivers will be protected from rain and cold and passengers will enter through wide doors. The seats will be broad and comfortable. But the new taxis are expected to retain the trick steering apparatus that permits London cabs to turn on a dime, which they must do in the narrow streets.

DELIVERED QUICKLY

OLYMPIA, Wash. — Olympia's postmaster had no trouble with a recent request: "Postmaster: If you know the address of Jess Leverich, will you deliver this letter to him?" Postmaster Jess Leverich pocketed the letter. It was from a cousin in Iowa who had not been heard from in years.

Hedges of tough-stemmed roses instead of wire fences are recommended by the U.S.A. Dept. of Agriculture.

MOST OF US DON'T KNOW

Hardly anyone—not even the publisher—knows how important a newspaper is to a community.

The smaller the town, the more important the newspaper is in its economic life. Its news, editorials and feature stories focus the interest of surrounding territory on the place in which the paper is published.

This force and the force of advertisements by local merchants build an ever-widening trade area. This means more business, more money for schools, homes and churches—a bigger and better town.

A town with a newspaper is a town with a future. The better the paper, the brighter the future.

It deserves the support of every business man in that town.

We are trying to make this paper worthy of our town. Your help and suggestions are appreciated.

A Newspaper is More Than a Business—It is A Community Institution

DIDSBURY HOSPITAL STAFF NOW AT FULL STRENGTH

It has been learned that the Didsbury hospital staff has had a full complement of nurses and aides since October 1st. The staff now consists of the Matron, Miss Dale, six nurses and six aides. The new nurses arrived since the first of the month are Miss Rostrop, R.N., of Carstairs, a graduate of Calgary General Hospital, and Miss Ruby Hall, R.N., of Didsbury, a graduate of Victoria General Hospital.

Mrs. Ruth Eckel spent the Thanksgiving holiday with friends in Oils.

CHECK COLDS

The first sign of more serious infection may be persistent colds, warn authorities at the Department of National Health and Welfare. With chills and camp weather setting in, Canadians will soon be exposed to such seasonal diseases as bronchitis, pneumonia, and influenza, and a cold which "hangs on" is said to be a sign to see the doctor, so that the trouble may be cleared up and possibly more severe attacks headed off.

In curling, what is a third to a Western Canadian is a vice-skip in Ontario, and a mate in the maritimes.

NOTES FROM THE EAST

The Lone Pine W.C. meeting was postponed last week because of the poor weather.

Miss Anne Dams, Burnside school teacher, spent the Thanksgiving week end at her home in Truro.

Miss Clara Wood, who teaches school in Didsbury, also spent the holiday at her home in the district.

Roy Dowell and J. D. Thomas were Sunday guests with Fred Metz and Mrs. Dowell.

Mrs. Hilda Dawson of Sunnyslope visited in the Neapolis district and with Mrs. Wm. McCoy of Didsbury over the week end.

Monday evening she and her son, Rex, were supper guests with Mrs. Dowell. Rex is attending business college in Calgary and spent the week end visiting with his mother.

Ed Patterson and Ken Wood were business visitors in Oils Saturday. Evelyn and Mrs. Dowell spent Tuesday afternoon, visiting with Mrs. Art Davis of Sunnyslope.

Mr. and Mrs. Renan Pack and family of Raymond spent the Thanksgiving holiday visiting with relatives in Didsbury and the Jutland district. Mrs. Pack is the former Beatrice Shells.

Mr. and Mrs. Harold Shells entertained 29 guests at a Thanksgiving dinner on Sunday. Guests from outside points were Mr. and Mrs. R. Pack and family of Raymond, Mr. and Mrs. Walter McCoy of Didsbury and Mr. and Mrs. Bill Taylor of Sunnyslope.

Mr. Hugh McPhail, district agriculturist, and Sandy Brander made the rounds of the district Tuesday for the purpose of purchasing calves for the newly-formed calf club.

EYE HEALTH

Since it is normal to feel tired at the end of the day, our eyes need rest as much as our other bodily functions. But, authorities tell us that the eyes should not feel unduly uncomfortable during waking hours. Normal eyes, used under good lighting conditions, need not develop strain. If they do, the doctor should be asked to examine them to determine whether glasses are needed, or what other corrective measures should be taken.

PLEASE PHONE OR BRING IN YOUR NEWS ITEMS

This newspaper cannot make a house to house canvass for news, but it is always glad to have it phoned or handed in. We want all the news. We are just as pleased to mention your news or your visit as to mention doings of your neighbors—but maybe your neighbors cooperated with us in getting the facts. Please let us have your news items. Our columns are always open to them. And remember they must be in before Tuesday noon, if at all possible.

GARDENING HINTS

(By A.T. Kemp)

STORAGE OF VEGETABLES

The growing season for many vegetables amounts to a few weeks, but the length of time which produce must be stored amounts to months so that the importance of crop quality and storage conditions become important factors in the costs of living.

These few notes are not intended to cover storage from the viewpoint of freezing, canning or dehydrating, but rather to illustrate simple little precautions which are of value.

The product to be stored should be free from injury, mechanical, insect, frost or rough handling, which may cause blemishes resulting in the entrance of disease.

A crop that is well matured, dry, clean, not too old and free from natural growing diseases is important because these conditions are ideal to prevent disease spreading from one vegetable to another.

Fresh, dry, cool air that moves gradually but continually is an aid in keeping down some of the rots and molds that favor decay.

Light is not desirable as certain chemical changes will take place which are objectionable. Odors which pass from one kind of product to another may cause one to be objectionable. For example: onion odors going to squash or cabbage polluting them.

It is always a good policy to remember that a plant is very similar to a human but cannot talk or move.

Potatoes—Dig, pit, cover and protect for a few days, then store in slatted crates or bins with fresh air coming up from below and around the sides.

Carrots, Beets, Parsnips — Are preferably stored in layers, but not touching each other, with sand between and air coming up from below. Leave half the parsnip crop in the ground, there will likely be some rotten but others will be good when there is a shortage next May or June. The short type of carrot will likely keep far better than the long, so use the long type first and retain the short for the distant future.

Beets: Screw or twist off the tops; not cut as bleeding takes place.

Onions: Lift, dry thoroughly in the sun till tops are dried, then keep in shallow crates not more than six inches in depth or tie in bunches and hang from the ceiling where it is cool and dry.

Sweeties: Remove nearly all the top as a short top if left encourages growth, resulting in loss of some of the better taste from the foot. May be stored on an earthen floor or stored in boxes with or without soil.

Cabbage can be stored with their roots in moist soil and the heads slanting downwards, or heads cut off and wrapped in two layers of paper, or hung from the ceiling with outer leaves removed if storage conditions are not too dry.

Pumpkins, Squash and Marrow: Leave a part of the stalk attached to the fruit and paint with melted, not hot, paraffin or beeswax to prevent loss of moisture from the only place it can escape, namely the cut stalk.

Last Gentle Hint: Keep temperature if possible down to 34 to 38 degrees F. If cellar is warm and dry, a pan of water will gradually evaporate.

Look over produce frequently as one bad or rotting product spreads disease to another.

BARLEY \$3, OATS UP TO \$2 IN EASTERN CANADA

Warning that farmers have reached the point where they no longer are prepared to sell their coarse grains at prevailing ceiling prices and that farmers are storing, rather than marketing their oats and barley was conveyed to Rt. Hon. Jas. G. Gardiner, Minister of Agriculture, in a telegram last week by the North West Line Elevators Association. Many of those who are disposing of their coarse grains are doing so on a basis of price to be determined in the future, at the seller's option, and the wire fully agrees with the farmers in their attitude of seeking full market value for their products, and adds that a farmer would be ill-advised to sell his coarse grains or malting barley at current ceiling prices.

Press dispatches from Ottawa indicate that oats are now selling at from \$1.50 to \$2.00 per bushel and feed barley from \$3.00 to \$5.00 per bushel in Eastern markets, and are difficult to obtain even at those prices.

LONDONER TAKES PRIZE FOR PERFECT HUSBAND

It didn't take the judges long to pin the title "London's perfect husband" on bus conductor Eustace Crick after he told them his story while his wife Eleanor murmured, "My husband is wonderful."

A shoo-in all the way, Eustace Crick took home the bacon. First prize in the "perfect husband" contest held in London was a liberal portion of precious bacon.

The 34-year-old conductor, married 10 years, has a recipe for the benefit of all "not-so-perfect husbands. It is:

"I buy my wife a bunch of flowers once a week."

"I never go out at night without my wife and as she cannot get to a show on account of the kiddies (Brian, 9, and Angela, 3) we never go anywhere. We're so happy we never miss it."

"I'm on a five-day week and so is my wife. Saturdays I do the family wash and on Sundays the cooking."

"I'm a non-smoker and except for an occasional beer at home when we have friends, I'm a non-drinker."

"I'm an expert handyman able to do all odd jobs about the house."

"I can sew, wash, and cook first class."

"I'm really good at making pastry."

Eustace buys all his wife's clothes who in turn buys his.

"I've never bought a tie, shirt, pair of socks to suit myself. My wife knows my taste perfectly."

Eustace reserves his chief virtue for the last.

"My wife suffers severely in the winter from cold feet. A lot of husbands can't stand that but I massage hers until they're warm as pie."

Tomorrow night he'll take time off to write a love letter to Eleanor — their wedding anniversary — a practice he's kept up since they were married.

Oh yes, his wife gets his pay envelope intact—Eustace gets no pocket money.

COMMENCING AT 8:00 P.M.

ONION JUICE USED TO STRENGTHEN 2, 4-D MIXTURE

As a result of experiments conducted at the Michigan Agricultural Experimental Station, weeds may soon be literally weeping themselves to death. These preliminary tests indicate that a mixture of the chemical weed killer, 2, 4-D, and a specially treated onion juice not only does a more thorough job of weed control but covers a greater area.

According to the horticulturists who carried out the research in this new phase of agricultural chemistry, the strength of the weed killer may be increased from 10 to 20 times by addition of onion juice in

the solution. They found that one pound of onions properly mashed and mixed with two and one-half gallons of 2, 4-D solution was the most effective mixture. The sodium salt of 2, 4-D was employed.

Widespread use of onion juice to increase the weed killer's potency is not being recommended, however, until further experiments are conducted.

The United States Coast Guard plans to use the Great Lakes as an ice-breaking laboratory next winter when the world's largest ice-breaker, the Mackinaw, and Coast Guard cutters will be used to test structural strains on ice-breaking vessels.

Rain or Shine good anytime!

Whatever the weather, whatever your worries, you'll feel happier, more secure, if you have a nice little nest-egg of Canada Savings Bonds tucked away. If you need money quickly they can be cashed at any time at their full face value plus interest.

You can buy up to \$1,000 in any one name (but no more) in the same convenient ways — for cash or on easy instalments. Take advantage of this fine opportunity without delay. Buy Canada Savings Bonds today!

Canada Savings Bonds
SECOND SERIES

"It's a good trick Joe, but I get a bigger lift from my Canada Savings Bond."

SO MUCH FROM SO FEW

The town of Didsbury has no jail. Of that we can be justly proud. One reason given for this wonderful phenomena was the fact that there are eight churches in the town. The founders of our town planned well. And yet, we find that only two-fifths of the population of our country are members of a Christian Church. Of these two-fifths it has been stated that they furnish four-fifths of our college students; three-fourths of our home owners; nine-tenths of all givers to charity; and almost 90 per cent of all the outstanding leaders in public life.

This is not surprising, for what ever makes a man a good Christian makes him a good citizen and a good neighbor. Christ says of His followers: "Ye are the light of the world. Ye are the salt of the earth." People who have found their

place in heaven through faith in Christ will also find their place on earth—and will fill it conscientiously.

Christian people are an asset to any community. Do you belong to those few who have done so much—or to many who have done so little? If you have no Church home, Redeemer Lutheran Church of Didsbury would consider it an honor and privilege to be of service to you, so that our town may ever retain this high standing.

SOUNDS GOOD

A new use for bananas has been found by a San Francisco firm. It crushes them, mixes them with peanut brittle, dips them in chocolate, and then quick-freezes the whole concoction. Result: "Banana Crunch", price 16c.

EASTERN CAPITAL MAY COME TO ALBERTA

Definite interest in Alberta and its resources is apparent in Eastern Canada and the United States, according to L.P. Danis, Director of Publicity and Promotion for the Provincial Government. Mr. Danis returned Sunday from an official visit to Toronto, Montreal and New York and was highly impressed by the receptive attitude to information on Alberta.

At a time when decentralization of industry has become a vital subject, the publication of this Province's opportunities is sure to have a profound effect, according to Mr. Danis. Purpose of the trip was the presentation of facts and figures to a series of publications being used as media in the \$100,000.00 advertising campaign currently being sponsored jointly by the Government and by Provincial industries.

Although written material and statistical information were provided, the graphic feature of Mr. Danis' presentation was a slide film, with sound commentary, which delineated accurately and completely, Alberta's potentialities in such matters as natural resources, raw materials, working conditions and facilities.

"To say that the reception given was enthusiastic is putting it mildly," said Mr. Danis. "It was indeed surprising to find that many of these people had a very realistic conception of Alberta's wealth of opportunity. From all viewpoints, the trip was highly successful."

Although this contact with editors was the main purpose of the trip, films were shown also, by request, to members of several mercantile and financial organizations. So sensational was the impact that curiosity of members was vitally stimulated.

Timely results of the trip will be given a full and sympathetic treatment. Industrial exploitation of latent resources will be of profound

benefit to all and will truly establish Alberta as "The Treasure House of Canada."

"It's our duty to tell industrialists about our assets," says Mr. Danis, "and it's to our advantage when they realize these assets and set upon them."

TREATMENT FOR LICE ON DAIRY HEIFERS

Great losses to milk and beef production are caused annually throughout the country by cattle lice. For some unexplained reason these pests attack the animals during winter and lie dormant in the summer.

Young dairy heifers are probably more susceptible to their attack than other livestock, it has been found. When they are taken off summer pasture and placed in stables, lice become particularly active. Their blood-sucking activities sap the animals' strength, reducing the desired growth rates and preventing heifers from developing into high producing cows.

Cattle lice are detected when the animals begin rubbing against the stanchions and bars until patches of hair have been rubbed away. The long hair of young heifers appears to be highly conducive to development of lice.

Recent tests have shown commercial products containing rotenone and oil have been highly effective in cattle lice control. Recommendations, based on the results of such experiments, are that young heifers should be treated as soon as they are taken off pasture and stabled. Treatments should be repeated two weeks later and again after one week to kill any newly hatched larvae. The dust treatment does not kill the eggs, which necessitates the repetition of treatment.

Today's high level farm production takes only two-thirds as much labor as similar production would have required in 1920.

CANADIAN OVERCOATS TO NEEDY FRENCH PEOPLE

Fifty cases of men's and women's overcoats have reached Paris for distribution among needy French people. The overcoats were collected, renovated, packed and shipped by the Salvation Army in Canada in response to appeals from French Officers of the organization.

Distribution of the overcoats is under the supervision of Colonel Wycliffe Booth, head of The Salvation Army in France and grandson of its founder, William Booth.

The overcoats were especially welcome, Paris Salvationists said, in view of the fact that coal will still be very rare in France this winter, causing real hardship for the aged and infirm.

In the second annual report of the Food and Agriculture Organization of the United Nations, the Director-General, Sir John Boyd Orr, states: "The food position of the world is no better than it was a year ago (June 30, 1946). The hope of economic development or social and political stability is illusory in countries where people are wholly absorbed in the problem of finding food."

Among the proposals being considered by the fifty nations represented on FAO, is one to establish a world food council to take united action on a world food program which to quote Sir John, "is the only means of creating a world of peace and prosperity."
